To Whom It May Concern:

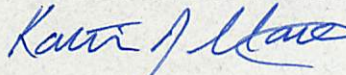

Our office recently utilized the services of John Bell and Janis Productions for "A Day in the Life Video" in a personal injury case. John and his staff were at all times courteous and helpful. Due to his experience, he was able to offer recommendations during the filming that resulted in a better finished piece. He was able to turn around edits on the video almost instantly and made it easy for us to view electronically. Even after our video was completed, John assisted me with posting the video on a website so we could easily share it with a client.

Our office strongly recommends John and Janis Productions for any future project.

Please feel free to contact me with any questions.

Very truly yours,
